

Professional Staff Assembly
Resolution to Administration
in support of Advancing Diversity at
The University of Alabama

The Professional Staff Assembly moves to support The University of Alabama administration in its efforts and its plan to address issues in relation to diversity on campus.

As a Professional Staff Assembly, we are committed to being part of solutions for our institution and its students; for the challenges and opportunities we face and that will serve to make us a stronger body together as one. We are further committed to advancing diversity, reflecting integrity, and embracing changes that help us achieve these goals. We, as a body of professional staff, promote and encourage a culture that values all our students, faculty and staff and we fully desire to be an active participant in advancing a healthy and safe environment that is inclusive and respectful of differences. We are ready to help engage in conversations and support actions that move our University forward.
